

APA 2024 Jaipur | Plenary Talk

ABS ID	ABS.Title	Full Name	Institution/Affiliation	City
95	On the Overall situation of Poly- or perfluoroalkyl substances (PFASs) and Recycling of Fluoropolymers	Bruno Ameduri	ENSCM, Montpellier	France
99	Composite Polymers for Bone Tissue Engineering: Why and how to stimulate vascularization and innervation of the bone tissue?	Joëlle Amédée Vilami	University of Bordeaux	France
142	Polymers for biomedical applications : Three examples of the Journey from Research to Patients	Didier Letourneur	INSERM	Paris
360	Sustainable Polymer Blend Nanocomposites - A Perspective on Morphology Evolution and Property Expression	Suprakas Sinha Ray	DSI-CSIR Nanotechnology Innovation Centre	South Africa
375	Emerging Directions in High Performance Polymers and Composites Materials for Smart Applications	Virendra Kumar Gupta	Reliance Industries Ltd	Mumbai
379	Innovations in Chitosan Research: From Antimicrobial Properties to Advanced Drug Delivery Systems	Már Másson	University of Iceland	Iceland
